

Help *Pave the Way* to Preservation.

Don't just sail by the Huntington Lighthouse, when you can literally pave the way to its preservation.

IMMORTALIZE YOUR BUSINESS, ASSOCIATION, CLUB OR FAMILY NAME IN STONE AT THE BASE OF THE LIGHTHOUSE

If you're a boater then you already know the importance of the Huntington Lighthouse. This beacon, however, is more than just a navigational aid. Many local businesses and even the Town consider it to be so significant that they have adopted its likeness as a proud symbol to represent them.

For over 20 years, volunteers have physically and financially helped restore what years of neglect have done. This kind of support is continually needed to maintain the function and beauty of this historic landmark.

That is why we ask for your help, too.

You will not only be helping to maintain the lighthouse, but "preserving" your Business, Association, Club or Family Name in stone for generations to come. These pavers are not just cosmetic. When cemented in place, they will provide extra support to the base. What a wonderful gift or fitting memorial!

We ask that you respond NOW. The sooner you respond, the sooner we can install them and the less chance there is of further erosion.
